

**LoVoCCS-48B**

This astronomical image shows a field of galaxies. A dashed white circle highlights a specific region. Within this region, two sources are identified: LoVoCCS-48B, marked with a white diamond and a blue arrow, and LoVoCCS-48A, marked with a blue diamond and a blue arrow. The background is filled with numerous galaxies of various colors (red, orange, yellow) against a black sky. The text 'MCXC J1257.1-1724' is located at the bottom of the image.
