

MCXC J2312.3-2130

This figure is a deep-field astronomical image, likely from the COSMOS field, showing a dense population of galaxies. The galaxies are represented as small, pixelated patches of light against a black background. Two specific galaxies are highlighted with dashed white circles and blue arrows. The top galaxy is labeled 'LoVoCCS-89' and the bottom one 'LoVoCCS-76'. The overall field is labeled 'MCXC J2312.3-2130'.

LoVoCCS-89

LoVoCCS-76
