

MCXC J2359.4-3418

This astronomical image shows a field of galaxies. Two dashed white circles are centered on specific coordinates. The larger circle, located in the lower-middle part of the image, is labeled 'MCXC J2357.0-3445' at its base. Inside this larger circle, a bright yellow and orange source is identified as 'LoVoCCS-67' with a blue diamond and a grey arrow. A smaller dashed circle in the upper-left corner is labeled 'MCXC J2359.4-3418'.

LoVoCCS-67
